

## **Daily Prayer Guide**

Use this as a tool to help you develop a healthy prayer time with God. Follow the instructions for each section and trust the Holy Spirit to lead you in what to pray.

### **Adore Him**

Find a passage of scripture that talks about God, who He is and what He does (Psalms is a good place to find some). Use that passage to write/say those things to Him in worship.

### **Confess/Commit to Him**

Think of a passage of scripture that has challenged you or convicted you in your walk with God. Say/write a prayer of confession or commitment to God from that passage of scripture.

### **Thank Him**

Say/write all the things you can think of to thank God for. To really expand this try not to repeat things everyday

## Ask Him about...

Write/think of a name for as many of these lines as possible and write down how you would like to see God intervene in their lives. Don't feel pressure to pray for someone on each line everyday, but pace yourself and work through each category regularly. Trust God to do His work and watch to see how God answers that prayer in the persons life. Contact that person if possible and let them know you were praying for them today to encourage them!
